Make this the summer to visit Rhode Island's BLOCK ISLAND that lies just 12 miles off shore in Block Island Sound. With its lovely Victorian architecture, this popular island has a year round population of only 850 but swells to over 10,000 during the summer months.

We board the ferry at Point Judith and arrive an hour later in the scenic harbor of this charming island. There will be time to enjoy the many shops along the waterfront & relax over lunch on the porch of the historic National Hotel.

Our local guide will take us on a full island driving tour with a stop at picturesque South Light. We'll learn the interesting story that involved moving the structure to save it from tumbling down the high cliffs into the sea.
